To Whom It May Concern

SI03, Inc. is the manufacturer of the Syntrax brand of products. All Syntrax branded products are produced under strict GMP guidelines. As such, all equipment used is thoroughly cleaned and sanitized after each manufacture step to prevent cross contamination between products. This also includes anything that comes in contact with product, including scoops. Additionally, production rooms are cleaned between batches and dust collection systems in each of the production rooms remove airborne particulates.

The following lists of Syntrax products contain no banned substances (according to the World Anti-Doping Agency, 2018 prohibited list international standard).
